

## **WATER SUPPLY/WASH PROJECTS IMPLEMENTED BY PEOPLE PROMOTE CENTRE (PPC)**

**1. WATER SUPPLY AND SANITATION IN SCHOOL (WASH IN SCHOOL):** This programme was implemented with the financial support of UNICEF in 30 schools of 12 VDCs of Dhanusha district of Madhesh province. The VDCs include: Mukhiyapatti-Musarniya, Debdiha, Devpura – Rupaitha, Chakkar, Aurahi, Duhabi, Dhabauli, Ekrahi, Hathipur – Harwara, Bahurwa, Hanspur-Kathapulla and Baghachaura. The implementation of the program started in April 2015 and was completed by March 2016. Fund received from UNICEF was NRs 1,504,400. The PPC contributed in kind/ equipment support worth NRs 585,400. Results achieved because of the project implementation were:

- Thirty child clubs were functional with efforts for sanitation and hygiene promotion in the schools and community. The activity of the clubs benefitted at least 8200 children and teachers.
- Thirty schools were developed as WASH Model zone with child friendly water supply and washing facilities and gender friendly toilets.
- Hand washing with soap and water after defecation and before eating practiced by 100% children and teachers.
- All teachers, School Management Committees/ PTA / Child club members used toilets at their house. This helped in ODF campaign run by governments.
- Trained 1200 child club members and oriented around 7000 children and guardians on WASH in school.

**2. WATER AND SANITATION FACILITY FOR TIN TALLE COMMUNITY:** This programme was implemented with the financial support of UNICEF in **Tin Talle Community** of The **Ganeshman-Charnath** Municipality of Dhanusha district of Madhesh province. The aim of providing support to the project was to accelerate sanitation social movement. The people of this community and surrounding areas were dependent on locally available spout and streams as source of drinking water. They invested a lot of time in fetching water, it put additional burden to women. The ODF movement was not moving well due to scarcity of water. The implementation of the program started in December 2017 and was completed by July 2018. Fund received from UNICEF was NRs 4,930,405. The Community in kind contributed NRs 1,919,556 and material support from WSSDO was worth NRs 218,982. Major achievements of the project were:

- A total 1155 people of 153 households benefitted from water supply facility
- 700 children and women gained skills and knowledge on hygiene behavior (hand washing before eating and after defecation, use of toilet)
- The Municipal and ward level water, sanitation and hygiene coordination committees were reformed ensuring women's participation, capacitated to be functional and led the program.
- Reservoir/ collection and storage/ community supply tanks were constructed; piped water was supplied to 153 households.

**3. WASH IN SCHOOL:** This programme was implemented with the financial support of UNICEF in 30 schools of 12 VDCs of Dhanusha district of Madhesh province. The VDCs include: Mukhiyapatti-Musarniya, Debdiha, Devpura – Rupaitha, Chakkar, Aurahi, Duhabi, Dhabauli, Ekrahi, Hathipur – Harwara, Bahurwa, Hanspur-Kathapulla and Baghachaura. Municipality of Dhanusha district of Madhesh province. The activities were monitored by WSSDO, UNICEF and District Education Office. The implementation of the program started in August 2016 and was completed November 2016.. Fund received from UNICEF was NRs 1,274,720. Major achievements of the project were:
